Aim and Scope

The Iranian Journal of Neurology is dedicated to the Iranian Neurological Association. The journal is a peer-reviewed journal published quarterly and publishes neurological experiences in basic or clinical fields in English Language. The Iranian Journal of Neurology aims to publish manuscripts of a high scientific quality representing original clinical, diagnostic or experimental works or observations in neurological sciences. Papers in English are welcomed, particularly those which bring novel information and researches in clinical or basic fields from the neurological disorders. All received manuscripts covering the scope of the journal will be evaluated by properly competent referees.

Submission

Cover Letter:
Submissions should be accompanied by a cover letter including a declaration by the first author on behalf of the others to the effect that
(1) The paper has not been published to date (except for abstracts of conference materials).
(2) The paper has not been accepted for publication elsewhere.
(3) All persons listed as the authors have read it and approved it for publication. The cover letters should be submitted in section "Comments for the Editor".

Articles must be written in accurate scientific English appropriate for publication. The articles are subject to review and editing; however, the authors are responsible for the correctness the manuscript's English language.

The articles must be submitted only online: ijnl.tums.ac.ir

Policies

The Editorial Board reserves the right to reject a paper without seeking reviewers’ opinion provide the content or the form of the paper does not meet minimum acceptance criteria or if the subject of the paper is beyond the aims and scope of the journal.

Everyone listed as the author of a paper is responsible for the reliability and completeness of data presented in the paper.

Do not submit papers that copy fully or partially previously published papers.

Indicate that this submission is ready to be considered by this journal by checking off the following:

The submission has not been previously published, nor is it before another journal for consideration (or an explanation has been provided in Comments to the Editor).

The text is double-spaced; uses an Arial 12-point font; and all illustrations, figures, and tables are placed within the text at the appropriate points, rather than at the end.

The text adheres to the stylistic and bibliographic requirements outlined in the Author Guidelines, which is found in About the Journal.

We expect that all studies reported in the journal conform to the requirements of the Declaration of Helsinki (1989). Information on the consent of a relevant ethics committee to perform the trial and the informed consent of the patients to participate in the trial should be given in the Material and methods section of each paper in which diagnostic or therapeutic intervention does not follow from the standard procedure. Authors of case reports must not disclose personal data of patients described.

Manuscripts

The journal publishes:

- Original Article
- Review Article
- Case Report
- Short Communication
- Clinical Notes
- Editorial
- Letters to Editor
- Neurological Images
- Neurological Videos
- Iranian Neurological Events
- Clinical Quiz

Details

Original and review papers: The maximum length of original and review papers (including tables and figures materials) is 3000 words.

Case reports: Case reports will be accepted only as Letter to the Editor.

Short communications: The maximum word number of short communications should be below 1200 words with maximum one table or figure and 10 references. The manuscript should be structured including introduction, materials and methods, results, discussion, and conclusion with a structured abstracts as original articles.

Neurological images or videos: Interesting cases as
neurological images or videos are welcome. They should be maximally 400 words with legends without abstract and unstructured. The videos should be uploaded as supplementary files.

**Letter to the Editor:** May concern short scientific reports and comments. The maximum number of words should be below 800 words with maximum 5 references, no abstract, no table or figure, and unstructured.

**Clinical notes:** Refer to important interesting observations which are imperative for reminders in clinical practice. The maximum number is 1000 words with maximum 5 references, 1 table and 1 figure with no abstract.

**Iranian neurological events:** Include the brief description of major regional events (congresses or seminar) implemented in Iran.

**Structure of Articles**

Manuscripts should be submitted in 12 points, Arial font, with double line spacing and sufficient margins of 2.5 cm.

The text should not be formatted.

Each section of the paper should begin on a new page.

**The manuscript must include:**

- Page 1: Title Page
- Page 2: Abstract and Key Words
- Page 3 and subsequent pages: manuscript body including Introduction, Materials and Methods, Results, Discussion, Conclusion, References, Tables, Figures

1. **Title page:**

   Title page should contain paper title, full names of authors, authors’ place of work, full name and address of the corresponding author (including e-mail address and telephone number), given in that order.

2. **Abstract page:**

   The length of the abstract should be at least 200 and not more than 250 words for original papers and not more than 150 words for review papers and case reports. Abstracts of original papers should be structured to include the background, methods, results and conclusion.

   Below the abstract authors should provide between three and six keywords conforming to Medical Subject Headings (Index Medicus).

3. **Page three and subsequent pages** of the original paper and short communication should include the text arranged in the following order (for other manuscript type, see above):

   1. **Introduction:** The introduction should be as concise as possible and introduce the context of the paper to the reader; the paper should clearly state the research hypothesis and the objective of the study.

   2. **Materials and Methods:** Description of the studied population or material should be detailed and include all information necessary to assess the reliability of results obtained in the study and/or allow the experiment to be repeated by other researchers; the section related to statistical analysis should have information on applied statistical tests and programs.

   3. **Results:** Present results directly related to the topic of the paper only; tables and/or figures are recommended.

   4. **Discussion**

   5. **Conclusions:** These should be brief, follow directly from results presented above and correspond to the aim of the paper outlined in the introduction.

   6. **Acknowledgements:** Should comprise information on sources of funding (grant numbers); acknowledgements should concern those who made a significant contribution to the paper, but who did not meet the criteria to be listed as authors.

7. **References:** References should be listed in the order quoted in the paper. Please cite source and major papers that offer interested readers an opportunity to obtain more detailed information. Avoid citing review papers and conference reports, if they are not the only materials on a given topic.

**References**

In the paper references should be given in superscripts with no space between the comma and the consecutive number.

Authors are advised to carefully verify citation details.

Give names of first six authors; if there are more authors, add “et al.”. Use Index Medicus abbreviations for journal titles. Then mention the volume and the issue of the journal.

The recommended style for journal references is as follows:

[Reference number][Authors]. [Article title]. [Journal Name] [Year of publication]; [volume](issue): [Pages range].

**For Journal Example:**

**For Books Example:**

**Tables:** Each table should be placed on a separate page. Tables should be numbered with Arabic numerals in the order in which they appear in the text. Authors should indicate the position of tables in the paper. Titles and headings of tables should be given in English. Information given in tables should not be repeated in the body of the text. Explanations concerning tables, e.g. full names of abbreviations should be given in footers below tables and should be consecutively marked: “**” “***” “****” etc.

**Figures:** Figures and photographs should be numbered with Arabic numerals and attached as separate printouts (in the electronic version, as separate files). Figures should be saved in one of the following formats: .jpg.

Photographs sent electronically should be of the resolution

---

Iranian Journal of Neurology © 2016
of 300 dpi and in the .tif or .jpg format. Figures and photographs are placed in the paper in the form delivered, so they must be prepared carefully. Please indicate where they should be placed in the text.

**Abbreviations** should be always clarified when used for the first time in the text (including the abstract). Abbreviations should not be used in paper titles, unless in exceptional circumstances.

**Review process:** All papers submitted for publication in the journal are assessed by two independent reviewers with the mutual anonymity rule as to the names of reviewers and authors observed.

**Plagiarism policy:** According to the plagiarism policy of Iranian Journal of Neurology, plagiarism is defined as a paper which replicates another publication with as a minimum 25% resemblance and devoid of citation. In any time the evidence of plagiarism is detected, the manuscript will be withdrawn and the author will be sanctioned from publishing papers permanently.

**Proofs:** The proofs will be sent via email and must be accordingly corrected and get back within 48 hours.
